## Who are we?

**Colombian company founded in 2001.**

Specialized in the import and export of sustainable products and functional solutions for the food industry.

At **Global Marax**, we promote sustainability initiatives with a clear purpose: to make the way we produce and consume more efficient, accessible, and responsible.

# The opportunity: Efficiency and value

## OPTIMIZATION

The industry seeks to reduce costs and improve logistics, ensuring the efficient use of resources in storage and transportation.

## STABILITY

Our ingredients ensure an extended shelf life, allowing companies to offer reliable and stable products to their end customers.

## STANDARDIZATION

Facilitating standardization in formulations is key to adapting to market trends and improving product consistency.
